## **Nanny Wanted**

Hi my name is David Olson and my wife Andrea (a resident at Baptist hospital) and I are looking for childcare for this upcoming year starting in late August for our 3 1/2 year old son and almost 2 year old daughter. We are looking for someone to watch them in our home on Tuesday's and Thursday's from about 8 am to somewhere around 5 pm though we will need this person to be flexible with ending time since we are not always exactly sure when we will be home.

We would also like for this person to be able to work on some occasional Monday evenings when I have meetings and if my wife is on call and every Sunday from about 230 to 530 while my wife is at the hospital. We are flexible on these last two and can find other options if that is something this person just can't do but our preference is for our children to have one person who they are used to watching them during all these times. I would estimate the weekly hours to be around 20 though some weeks would be more and some less. If desired I am sure there would be more hours available as well for things that come up and times we are gone for social and other reasons.

Our requirements are that this person be able to drive, be a non smoker and our preference is for them to be cpr/first aid certified. We also would like someone who has childcare experience.

If you or anyone you know would be interested in applying for this position please contact me. Thanks!

David Olson
