

Looking for a home?

It would be my pleasure to assist you on finding your next home. Put my 5+ years of real estate knowledge and area expertise to work for you. No problem or issue is too small or too large. I find it a welcome challenge to find the right home for the right buyer. Continued communication after the sale enables me to see the benefits of well placed buyers and offer additional service after the sale. You will find my calm and detailed personality just what the doctor would order for this potentially stressful time.

Becky has been fantastic to work with. Her knowledge of and experience with area schools, ability to listen to our specific needs as fellows, patience and attention to detail made our experience with her outstanding. We would highly recommend her to anyone buying or selling a home. Alex (4th year fellow, Cardiology) and Stephanie Johnson
