

WELCOME TO WINSTON-SALEM ...

and congratulations on your exceptional achievements! It is my goal to make your relocation to Winston-Salem the easiest & most stress free move imaginable. So, I have designed a website just for you – the medical professional at www.medicalresidentrelocationcenter.com!

It is a place where you can explore moving tips, neighborhoods, financing options, Winston-Salem and most importantly a place for you to search and preview **ALL** of the homes available for sale in our area.

I am delighted that you have selected our city as

your home for the next several years. In addition to the wonderful educational environment that you will experience at the WFU Medical Center, there is just so much to see & enjoy that I can't begin to describe the many tremendous opportunities that await you. You will even be here for the first season of baseball in our new downtown park!

"Pam is wonderful! She is native to Winston-Salem, thus giving you the information that you really want to know about a new town and the surrounding neighborhoods. She also is very personable, knowledgeable and professional. She helped us both look for and purchase a home after my husband matched for residency. She has since stayed in touched with her monthly real estate and home maintenance updates. She also has graciously referred us to real estate agents in other cities when we were going through the interviewing process. Pam will definitely be our listing agent when we sell our home this Spring of 2010." Dr. John & Stephanie Zannis

"Pam was excellent to work with! My wife, Gina, and I only had one weekend to fly into Winston-Salem & look at houses, but Pam made every minute count! My wife & I were looking for a house in a certain price range, comfortable, & that we knew would have a good chance of selling quickly when we left Winston. Pam first started out by helping us get a feel for the city & the surrounding areas. We were able to look at about 20 houses before narrowing our choice to a handful & finally we picked our beautiful house in a great neighborhood! Pam has been selling houses in Winston for ~20 years and knows the area incredibly well! She was also very gracious in helping us along as first-time home buyers in negotiating the price we wanted and guiding us through the steps needed to get everything squared away on the house even while we were 1000 miles away. Gina & I were very happy we picked Pam as our Realtor and plan on calling on her again when we get ready to sell our house and move out of the area!"
