*Cheryl* understands that this is an exciting & somewhat apprehensive time for you! She moved to Winston-Salem in 1984 so her husband could do residency at

Baptist Hospital. She & her husband fell in love with this area and decided to make this their permanent home. Over the years, several family members decided to move to Winston-Salem too. "This is a great place to live and my hope for you is that you will have a wonderful few years (and maybe more!) calling Winston-Salem home."
